Church Engagement

# Recommending Jesus

Agapé UK workshops to encourage and enable your church members to have engaging gospel-shaped conversations

Whether it be a person, product or experience we often make choices based on other people's recommendations. We have 'tasted and seen that the Lord is good' but are our attempts to recommend Jesus leaving us tongue-tied and our hearers, confused?

Recommending Jesus workshops are designed to help the everyday Christian 'recommend Jesus' naturally and as a way-of-life.

Choose from a range of topics to create workshops to serve the needs of your church, exploring how to...

- Work from your Christ-centred identity
- Overcome barriers
- Approach people with grace
- Pray for people
- Make connections with those around you
- Build deeper relationships
- Live with intention
- Show the gospel is relevant to life
- Share your faith story effectively
- Creatively communicate your faith
- Speak truth in a language they understand
- Take conversations deeper
- Answer people's questions
- Transition into the gospel
- Use relevant gospel illustrations
- Confidently share the good news of Jesus
- Invite others into Christian community
- Develop a 'Recommending Jesus' church culture
