Church Engagement

MAKE
&
DISCIPLES

Everyone a
Disciple-maker

Agapé UK are passionate about working alongside the local church. We want to see church members inspired, encouraged and enabled to help people discover the good news of Jesus, grow in their relationship with him, and go and make disciples, being confident to talk about their faith in Jesus naturally and as a way of life.

Let's begin.

How is your church helping people on this journey from first discovering Jesus to becoming a disciple-maker? Considering your context...

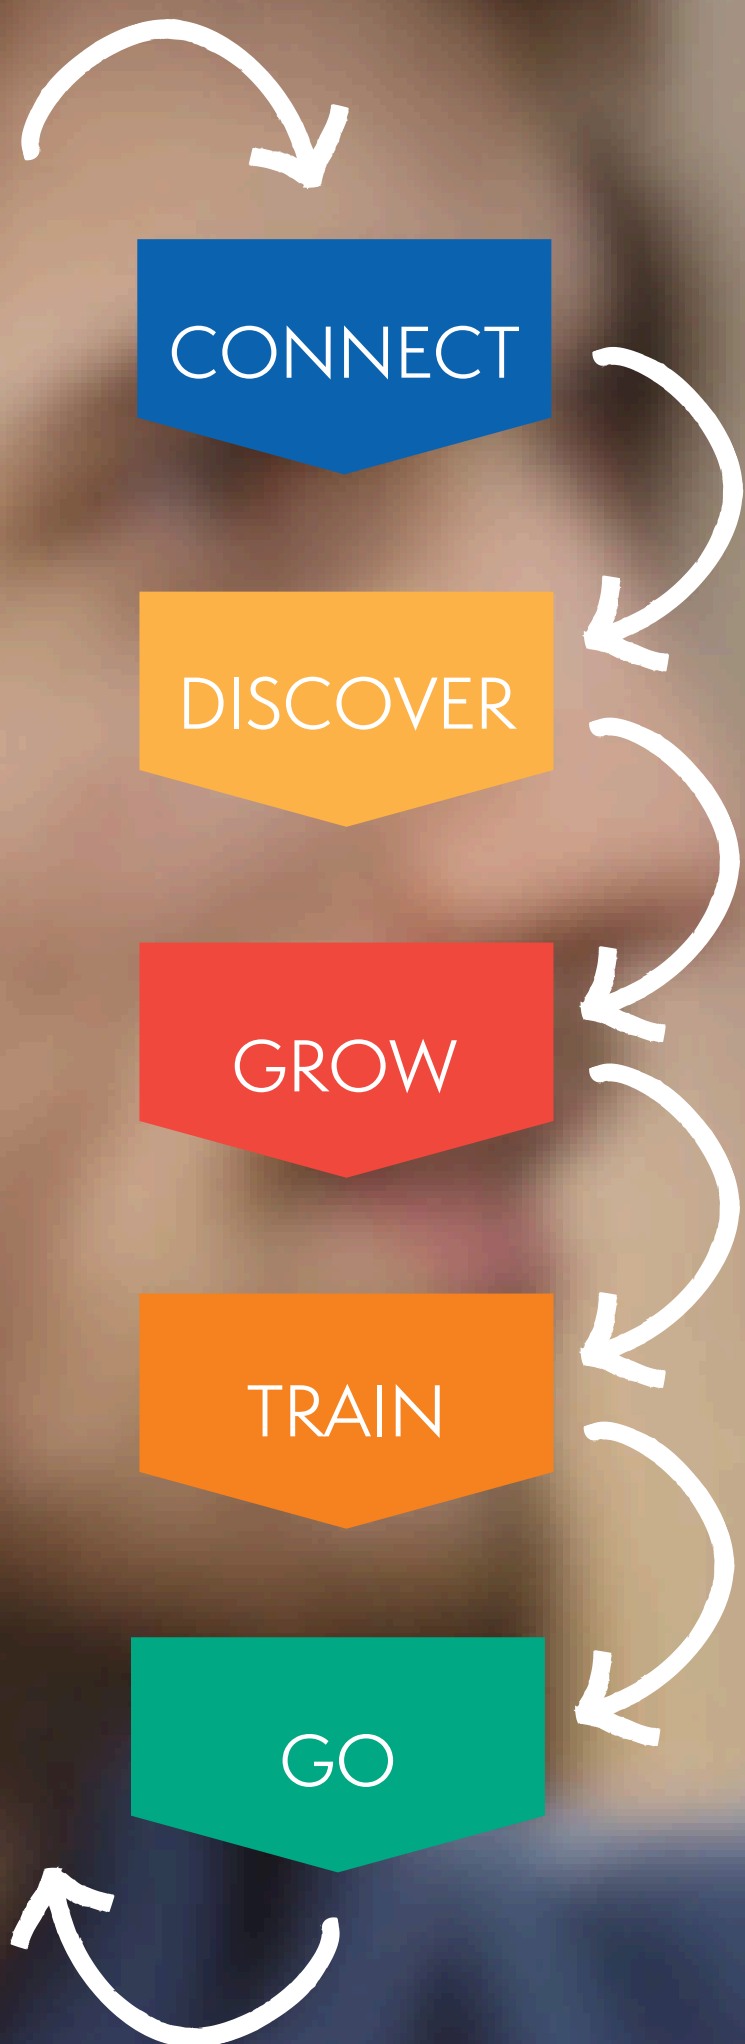

How are you **CONNECTING** with your community?

How are you helping people **DISCOVER** the good news of Jesus?

How are you encouraging your church members to **GROW** in their faith?

How are you **TRAINING** and equipping your church members for disciple-making?

How are you helping people **GO**, make disciples and multiply in the spaces God has placed them?

How can we add value to your disciple-making journey?

We offer a variety of **WORKSHOPS** tailor-made for a church's needs. Workshops can be combined to cover a longer period like a church weekend away.

Our **TOOLKIT TRAINING** explores resources with the opportunity to dig deeper into specific tools by guiding leaders through how to use them best.

Using scriptures as the framework, our team of engaging speakers are keen to **PREACH**, inspiring church members on their whole-life disciple-making journey.

Whether your missional opportunities are in the workplace, at university, in the community, online, or cross-culturally, Agapé UK have different **MINISTRIES** working specifically in these spheres.

With decades of experience in disciple-making, the Church Engagement team offer church leaders **COACHING AND CONSULTATIONS** on how to help shape a disciple-making culture of a church.

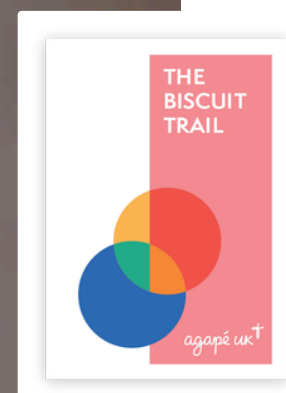

Living & Telling

The Living & Telling 10 session course is the flagship discipleship resource of Agapé UK. Churches can lead this easy to follow 'play and pause' video course on their own with the help of a leaders' guide, as a whole church or as part of existing small groups.

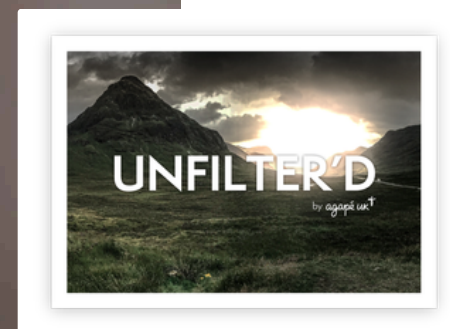

The Biscuit Trail

This effective, engaging tool for small groups provides Christians with steps they can take to help someone on their spiritual journey.

Unfilter'd

Using images, this tool is a simple way to initiate conversations and help people express thoughts and feelings about life, purpose, God, and more.

Knowing God Personally

This tried-and-tested booklet is a clear and concise way to help people discover the good news of Jesus. This gospel outline and **THE FOUR** (also available as a **wristband**) can be found on our free **GodTools** app.

THE FOUR

GODTOOLS
